** PREFACE **

I take pleasure in presenting the Administrative Report on the working of Panchayats in the State of West Bengal during the year 1967-68. The State Tables pertaining to the Zilla Parishads, Anchalik Parishads, Anchal Panchayats and Gram Panchayats are also enclosed with the report.

Panchayati Raj had an unfortunate beginning in West Bengal. According to the principles and recommendations of the experts, the Panchayats of different tiers should have been established simultaneously with a view to giving a fair trial to the New Experiment. But, unfortunately, in West Bengal, we took more than six years to establish Panchayats only at the Village Level without realising that Panchayats of the lowest tiers can never play their desired role without being intertwined with the Block and Zilla Parishads. We made a beginning for the establishment of Panchayati Raj Institutions in the State in 1958, but could not take any steps to set up Panchayats at the Block and Zilla Level till the end of 1974. The result has been as expected. There has been absolutely no co-ordination and mutual understanding amongst the different tiers. The Zilla Parishads are functioning more or less, as the Dist. Boards. The Anchalik Parishads have very little defined functions. Anchal Panchayats, being successors to Union boards, have nothing more to do than their predecessors or bodies used to do. The only difference is that the Union Boards had some responsibility to execute development works in the village. The Gram Panchayats have no such powers. The Gram Panchayats

contd..

The Gram Panchayats, which have the powers and responsibilities for developmental work in the villages, unfortunately exist only in name. There are 19,662 Gram Panchayats in West Bengal. But it is doubtful whether even 10% of these function effectively in the villages.

The most disquieting feature is the establishment of Anchalik Parishads in the State without, perhaps, understanding the implications of the same. In most States of India, the Block Level Panchayats, Panchayat Samities, as they call them, are the strongest bodies in the Panchayati Raj set up. All Plans and programme centre round the Panchayat Samities. The village Panchayats not only gets the necessary inspirations from these Samities but also receive the financial assistance and responsibility for executing development programmes which concern the village. Government make a grant of about Rupees 19,00,000/- per year for the maintenance of these Anchalik Parishads but the reports show that they did practically no work out of their own funds. The question should naturally arise - whether there are any justifications for the continuance of these organisations in their present state. The sooner the confusion in respect of the powers, functions and the role of work of the Panchayati Raj Organisations of this State is considered, the better.

The year 1967-68 was particularly a bad year for the Panchayats of West Bengal. During the preceding year large sums of money were allotted to the Zilla Parishad for the execution of Test Relief and Gratuitous Relief Schemes. The New Government

contd....

The New Government, which came to power, had reasons to suspect that many of the Zilla Parishads did not utilise the funds sanctioned by the Relief Department of the Government in the desired manner. Investigations were started against six Zilla Parishads and Government desired to supersede some of them on grounds of inefficiency and misuse of public funds. The Parishads, however, could not ultimately, be superseded because of the intervention of the Hon'ble High Court. But although the Zilla Parishads continued to function, they lost all Government patronage. All the Govt. Schemes which were entrusted with them for execution were gradually withdrawn. Other tiers also shared the same misfortune. There were disappointments, all round.

Another matter which damped the spirit of the executives of Gram Panchayats and Anchal Panchayats was the failure to hold elections although they were due in 75% of the Panchayats. Government, for, one reason or the other, deferred the elections indefinitely.

It is high time to consider very seriously whether the ups and downs of political parties should affect the Panchayats or conditions be created in which the Panchayats may function unaffected as an integral part of the Government. It is impossible for any organisation to function effectively unless the minimum guarantee suggested in the second alternative is ensured.

-:(4):-

The Administrative Report is devided into three parts viz. -

- I. Report showing the working of the Zilla Parishads.
- II. Report showing the working of the Anchalik Parishads.
- and III. Report showing the working of the Anchal and Gram Panchayats.

The compilation and calculation of the Tables are the result of the untiring efforts of the Computors and the Assistant Computors of the Statistical Branch of this Directorate. The reports regarding the Zilla Parishad, the Anchalik Parishads and the Gram and Anchal Panchayats have been written by Computors - Shri Hari Tosh Das, Shrimati Tulu Kar-Gupta and Shri Nagen Biswas respectively. I owe deep gratitude to all the Computors and Asstt. Computors and have praise for the commendable work done by them.

ZILLA PARISHADS IN WEST BENGAL
For the year - 1967-68

INTRODUCTION :

In the State of West Bengal 15 (fifteen) Zilla Parishads, having their territorial jurisdiction under the jurisdiction of 325 Anchalik Parishads, 2926 Anchal Panchayats and 19662 Gram Panchayats, came into existence on October 2, 1964. The Zilla Parishads, except Cooch Behar (there was no District Board) immediately after the establishment became the successor bodies to the District Boards.

The State Tables concerning the Zilla Parishads are shown in the Annexure - A.

In this Administrative Report comparative Bar - Diagrams have been shown taking the necessary Statistical Data of the year 1965-66, 1966-67 and 1967-68. The figures of the year 1964-65 have not taken into account to draw the comparative Bar - Diagrams, because of the fact that the Zilla Parishads could not operate full term during the year 1964-65, as they came into existence on October 2, 1964.

ANALYSIS OF THE TABLES :

(a) Composition of Membership according to Sex (Divisionwise)

<u>Name of the Division</u>	<u>No. of Z. Pds.</u>	<u>Male</u>	<u>Female</u>	<u>Total</u>
1. Burdwan	6	291	12	303
2. Presidency	4	205	8	213
3. Jalpaiguri	5	159	11	170

contd.....2.

Section 4(1)(f) of the Zilla Parishad Act, 1963, provides for the appointment of two women members in cases where no woman becomes members of the Zilla Parishad under any clause of the Section. Some of the women members shown in the Table above, have been appointed by the State Govt.

(b) Distribution of Members according to the Community
(Divisionwise)

Name of the Division	No. of Z.Pds	Hindu (inc- luding S.C & S.T.)	Muslim	Sch. Caste	Sch. Tribe	Others
1. Burdwan	6	296	7	20	5	-
2. Presidency	4	177	36	22	-	-
3. Jalpaiguri	5	150	18	35	10	2
T O T A L ::	15	623	61	77	15	2

Distribution of members of the Zilla Parishads according to Sex and Community has been shown districtwise in the Statement - I.

INCOME OF THE ZILLA PARISHAD :

In the year of inception i.e. 1964-65, the Zilla Parishads had very little scope to work. During the year 1965-1966, 1966-67 and 1967-68, they, however, had adequate opportunities to operate. But, unfortunately, most of the Dev. Schemes of the different departments were withdrawn from the Zilla Parishads by the Govt. during the year 1967-68.

ANALYSIS OF THE INCOME :

During the year 1967-68, the Zilla Parishads recorded the total income (including Opening Balance of Rs.9567417.60)

Rs.2,10,47,940.54. The Net Income (excluding Opening Balance) of the Zilla Parishads accounted Rs.1,14,80,522.94.

The Net Income derived from the following heads :-

(A) Contribution and Grants made by the Central/State Govt. including Share of Land Revenue Rs.45,35,067.68.

This is 40% of the Net Income as against 81% of the preceding year.

(Net Income of the preceding year was Rs.6,75,27,730.18)

(a) From Panchayat Department (Untied Funds) :

	<u>1966-67</u>	<u>1967-68</u>
i) Land Revenue	13,55,900.00	16,40,695.00
ii) Augmentation Grants	3,88,010.00	3,88,000.00
iii) Subvention for D.A. to the Employees.	3,19,162.26	3,42,917.03
T O T A L ::	25,63,072.26	23,71,612.03

Thus the Total Untied Funds is 21% of the Net Income as against 4% during the year 1966-67. The grant in this regard, in 1966-67 was Rs. 25,63,072.26.

(b) Government Grant for Specific Schemes :

Grants from Relief Department for C.R. and T.R. was Rs.14,51,810.37. This is 10% of the net income compared to that of 5% of the net income during the year 1966-67.

(Net income during 1966-67 was Rs.6,75,27,730.18)

Therefore, receipts on Relief measurement decreased by 54% and this was due to the fact that Govt. granted less amount on relief purpose during the year 1967-68.

The new Govt. which came to power in 1967 thought the Zilla Parishad failed to utilise the relief grants of the preceding year in the desired manner. Through investigations were made. Grants were decreased. No case of gross irregularity, however, could be made despite enquiries.

Grants from different departments for execution of Dev. Projects was Rs.7,11,645.28 indicates 6% of the net income. This shows a short fall of 4% over the 10% of the net income of the year 1966-67. Since

Since the Govt. in power looked the Zilla Parishads with suspicion the departments gradually began to withdraw their patronage.

(B) Own Sources :

- i) Proceeds of Road cess - Rs. 35,42,630.15
This is 31% of the net income.
- ii) Tolls, Rates etc. Rs. 6,42,251.02
This is 5% of the net income
- iii) Receipts from institutions, gift and endowments, fines, penalties, loans and other receipts received by or on behalf of the Z.Pd and Contribution by Anchalik Parishads or Local authority Rs.2760574.09
This is 24% of the net income.

Thus the total receipts from own sources was Rs.6945455.26/-

This is 60% of the net income against 19% of the net income during the year 1966-67. The total receipt for 1966-67 was Rs.6,75,27,730.18 and income from their own source was Rs.1,29,55,025.84.

A comparative Bar-Diagram on Income under different heads for the year 1965-66, 1966-67 and 1967-68 has been shown in the Appendix-I. And also an Income pattern for the year 1965-1966, 1966-67 and 1967-68 has been shown in the Statement II. Also the Statement-III shows the income of the Zilla Parishads and their sources for the year 1965-66, 1966-67 and 1967-68.

The Statement-IV shows the districtwise Statement of the head "Contribution and Grants made by the Central/State Govt. including share of Land Revenue" under income head.

ANALYSIS OF THE EXPENDITURE OF THE ZILLA PARISHADS :

The total expenditure of the Zilla Parishads amounted to Rs. 1,56,14,786.75 on the following heads :

(a) Establishment charges :

- i) For personnel (Salaries, T.A. etc.)
Rs.23,59,659.21 which is 18% of the total expnd.

contd...3.

ii) Office establishment Rs. 3,54,153.67.
This represents 2% of the total expenditure.

Thus the total establishment charges was Rs. 32,13,812.88 indicating 20% of the total expenditure as against 4% of the preceding year. The expenditure on this account in preceding year was Rs. 23,81,409.59. The higher percentage is due to the fact that the total expenditure for these items is less than that of the preceding year 1966-67.

**(b) Allotment to Anhalik Parishads for various development works aggregated to Rs. 14,58,234.59. This is 9% of the total expenditure. The less percentage is due to total expenditure for development works is less than that of the preceding year. Most of the Dev. Schemes were withdrawn from the Zilla Parishads by the Govt. In the preceding year the allotment was Rs. 1,18,20,753.97 which represent 18% of total expenditure.

(c) Out of Specific Grants, Expenditure on :

i) Execution of development schemes was Rs. 38,65,187.70, which is 25% of the total expenditure. This is 1% less than that of the preceding year.

(In the preceding year the expenditure was Rs. 1,66,59702.74)

ii) Relief Work (G.R. and T.R.) was Rs. 26,50,079.29 which is 17% of the total expenditure against 46% during the year 1966-67. In the preceding year the expenditure was Rs. 3,00,69,625.60. The reason for the short fall has already been explained elsewhere.

iii) Maintenance of Service and Institutions (Schools, Dispensaries etc.) was Rs. 12,86,404.53 which comes to 9% of the total expenditure. In the preceding year the expenditure on this account was Rs. 15,71,468.16 which was 2% of the total expenditure of the year. The higher percentage during the year under review was because the total amount available for expenditure to the Zilla Parishad was less than that of 1966-67.

(d) Miscellaneous expenditure accounted to Rs. 31,41,067.76. This is 20% of the total expenditure as against 4% of the total expenditure during the 1966-67 in which the amount spent was Rs. 23,94,385.41.

Appendix-II shows a comparative Bar - Diagram on expenditure under different heads for the year 1965-66, 1966-67 and 1967-68 And the Statement-V indicating the comparative Statement of

Expenditure Heads (Districtwise) for the year 1965-66, 1966-67 and 1967-68. The Statement-VI indicates the expenditure on detailed pattern for the year 1965-66, 1966-67 and 1967-68.

** Allotment to Anchalik Parishads under the expenditure head of Zilla Parishads ought to have been equal to the "Allotment from Zilla Parishads" under the Income head of the Anchalik Parishads. But there is a marked difference between the two.

The difference is primarily due to the fact that the "Allotment to Anchalik Parishads" under the expenditure heads of the Zilla Parishads does not include the amount for relief purposes. It is only for development projects other than relief. But at the same time "Allotment from Zilla Parishads" under the Income head of the Anchalik Parishads is composed of the amount for development works as well as the amount for relief works received through the Zilla Parishads. And this amount for relief works is a portion of the "relief work" under the expenditure head of the Zilla Parishads.

Hence the difference?

PERSONNEL OF THE ZILLA PARISHADS :

As successor bodies, the fifteen (15) Zilla Parishads had been inherited the assets and the staff of the out-going District Boards. In the district of Cooch Behar, there was no District Board. So, Cooch Behar Zilla Parishad had to recruit new staff.

The Statement-VII(a), VII(b), VII(c) and VII(d) indicate the districtwise staff pattern.

MEETINGS OF THE ZILLA PARISHADS :

In every Zilla Parishad, there are seven (7) Standing Committees. It has been provided in the Rules of the Zilla Parishad Act, 1963 that the members of the general body should meet once in every three months and that of the Standing Committee should meet once in every month. In the Statement-VIII general body satisfied the Act. But the Standing Committees except that of the Hooghly Zilla Parishad could

not reach the Statutory minimum. Statement-VIII shows that the general body of the Parishad fulfilled the conditions of Law but the Standing Committees failed to meet at minimum number of times required by Law.

Information regarding the Primary Education Standing Committee was not available since the School Board functioned as the said Standing Committee. The School Board did not forward any report to this Directorate.

on meetings of the Standing Committees
A comparative Statement/has been drawn in the Statement-IX
for the year 1965-66, 1966-67 and 1967-68.

ANCHALIK PARISHAD IN WEST BENGAL
FOR THE YEAR 1967-68

1. INTRODUCTION :

The Block Level Panchayats known as Anchalik Parishads in the State of West Bengal corresponds to Panchayat Samities of other States of India. These Anchalik Parishads established during the month of August, 1964 under the provisions of the Zilla Parishad Act, 1963. In the State of West Bengal there are 335 Development Blocks. All Anchalik Parishads are co-terminus with the Blocks and should have been established in each Block area. But only 325 Anchalik Parishads have, so far, been established. Anchalik Parishads have not been set up, as yet, in ten Blocks of Asansole Sub-Division in the district of Burdwan. These are mainly colliery and Industrial areas. Since all the amenities that can possibly be offered by Panchayats are already being provided by the Colliery and Industrial managements, Govt. thought that establishment of Panchayats of the normal pattern will not serve any purpose.

Mathurapur II in the district of 24-Parganas could not function during the year under review due to the restrictive orders of the Hon'ble ~~High~~ Court. Reports in respect of five other Anchalik Parishads, 2 (Ratua I, Harishchandrapur II) in the Dist of Malda, 1 (Moynaguri) in the district of ~~Moynaguri~~ and 1 (Tomluk-II) in the District of Midnapur were not available and 1 (Patharpratima) in the District of 24-Parganas is under the custody of Police. The present review is, therefore, based on the returns of 319 Anchalik Parishads.

The State Table concerning the Anchalik Parishads is given in the Annexure A.

ment
State/I shows the distribution of Members according to Sex and Community (Districtwise).

The Sections 52(1)(d)(i) and 52(1)(d)(ii) of the Zilla Parishad Act, 1963 provide that two women members and two members of backward Community having their residential address in the Block area would be appointed by State Government. Thus of the total women members 650 in the Table, 638 women members were appointed by the State Government and out of the total of 1,544 Scheduled Caste and Scheduled Tribes members, 638 members were appointed by the State Government.

3. ANALYSIS OF THE INCOME OF ANCHALIK PARISHAD :

During the year under review the total income of the Anchalik Parishad was Rs. 1,64,43,665.61 and the Opening Balance was Rs. 1,14,56,437.84. Thus the net income accounted to Rupees 49,87,227.77 which was derived from the following :-

- (a) State Assistance, such as, Share of Land Revenue, Cesc, Honorarium, Loan etc. was Rs. 18,96,385.97 which is 25% of the net income. This was 38% of the net income during the year 1966-67. The net income for 1966-67 was Rs. 4,80,36,327.97 and State assistance was Rs. 2949958.42.
- (b) The amount received from Agriculture, C.D. Branch and other departments for execution of development works was Rs. 3,84,971.63 which is 8% of the net income as against 14% of the net income during the year 1966-67. The amount available, in this regard, in the preceding year was Rs. 69,30,141.98. The Short-fall is due to the withdrawal of Schemes by the Department concerned.
- (c) Allotment from Zilla Parishads including G.R. and T.R. was Rs. 22,98,115.70 which indicates 46% of the net income. This was 77% of the net income during the preceding year. In the preceding year the amount which was made available, in this regard was Rs. 3,68,67,680.89. During the year under review Govt. discouraged implementation of the Relief Schemes through the Panchayats. Hence the decrease in the amount of allotment.
- (d) Receipts in respect of Schools, Hospitals, Dispensaries etc. constructed under the control of Anchalik Parishads and receipts from Gifts, Endowments or Contribution of local authority accounted Rs. 4,07,754.47. This is 8% the net income as against 3% of the net income during the last year. The amount received, in this regard, in the preceding year was Rs. 12,88,546.68.

The Statement II shows the income of Anchalik Parishads from detailed sources for the year 1965-66, 1966-67 and 1967-68. Also, the Statements III(a) and III(b) indicate districtwise income of Anchalik Parishad for years 1965-66, 1966-67 and 1967-68. A Comparative Bar-Diagram on income under different heads for the year 1965-66, 1966-67 and 1967-68, shown in Appendix I.

ANCHALIK PARISHAD IN WEST BENGAL (Contd....)

4. EXPENDITURE OF THE ANCHALIK PARISHADS :

During the year 1967-68, the total Expenditure Rupees 87,59,866.40 were the following :-

(A) For Office Establishment :

(i) Salary & Allowances of personnel	Rs. 1,315.377
(ii) T.A. of personnel	Rs. 69,50.63
(iii) Contingencies & Stationaries	Rs. 2,696.59.03
(iv) T.A. of members (including president and vice-President)	Rs. 46,347.40

Total :: Rs. 21,177.62

Thus, the establishment charges come 25% the total expenditure as against 5% of the total expenditure during the last year. The total expenditure during the preceding year was Rupees 4,42,27,544.02 and the expenditure for office Establishment was Rs. 21,21,884.29. The high percentage of Establishment cost in the year under review is because the total amount available for expenditure was less than that of the preceding year.

(B) Allotment to Anchal or Gram Panchayats for various development works was Rs. 4,41,199.95 which is 5% of the total expenditure and 11% of the total expenditure during the year 1966-67. Allotment in this regard, during the preceding year was Rs. 47,34,376.60.

6 (C) The amount Rs. 38,67,797.70 spent for Development Work by Anchalik Parishad which is 44% of the total expenditure as against 22% of it during the year 1966-67. The amount in the preceding year, in this head was Rs. 95,92,650.70. The Short-fall is due to the fact that Government Departments, gradually withdrew the Schemes from the Panchayats.

(D) The remaining Rs. 87,59,866.40 indicating 26% of the total expenditure were spent for miscellaneous purposes, Gratuitous Relief and Test Relief. This was 62% during the year 1966-67. The amount spent during the preceding year, on this head was Rupees 2,77,78,632.34. Government's general apathy for the Panchayats accounts for the decrease of expenditure on this head during the year under review.

ANCHALIK PARISHAD IN WEST BENGAL (Contd...)

Expenditure of the Anchalik Parishad from detailed sources has been indicated in the Statement IV for the year 1965-66, 1966-67 and 1967-68. Also Statement V(a) and Statement V(b) shows districtwise detailed Expenditure for the year 1965-66, 1966-67 and 1967-68. Appendix II shows a comparative Bar-Diagram on the expenditure under different heads for the year 1965-66, 1966-67 and 1967-68.

5. MEETINGS OF THE STANDING COMMITTEE :

Statement VI shows the number of meetings and average attendance of members. Under the provisions of Law General meetings of Anchalik Parishad should be held at least once in three months and the Standing Committees once in every month. The Statement shows that although the provisions of Law were fulfilled in respect of General meetings of Anchalik Parishads, the Standing Committees miserably failed to fulfill the requirements of Law. This only shows that the Anchalik Parishads had not enough work to do and for that reason the Standing Committees did not meet as frequently, as required.

ANCHAL PANCHAYATS

1. INTRODUCTION

Panchayati Raj, in all its four tiers, were established in West Bengal in 1964. In the entire rural area of the State, except the tea garden areas of North Bengal and the ten coal field and industrial Blocks of the Asansole Sub-division of the Burdwan District, 19,662 Gram Panchayats, 2,926 Anchal Panchayats, 325 Anchalik Parishads and 15 Zilla Parishads have been established.

Out of 2926 Anchal Panchayats and 19,662 Gram Panchayats, the present review is based on the returns of 2849 Anchal Panchayats and 18,760 Gram Panchayats. The Districtwise Nos. of Anchal and Gram Panchayats which could not submit their returns, are given below in a tabular form :

Most of the defaulting Panchayats were restrained from functioning by orders of competent courts.

3. INCOME OF ANCHAL PANCHAYATS :

The Anchal Panchayats show a Total Income of Rupees 3,11,28,864.64 (including Opening Balance which is Rs.5281621.91) The total receipt of the year under review (exclusive of the opening balance) comes to Rs.2584724.73. Out of the total
contd....

Opening Balance Rs.44,62,003.49 was Untied Grants and Rupees 8,19,618.42 was allotted for execution of different Schemes. The break up of the Income is as follows :

A. GRANTS AND CONTRIBUTIONS FROM THE PANCHAYAT DEPARTMENT :

(i) pay and allowances of A.P.Secys. -	Rs.41,24,224.33
(ii) pay of chowkidars and Dafadars -	Rs.54,47,198.81
(iii) lump grant to Anchal Panchayat -	Rs.36,03,539.23
(iv) other purpose -	Rs. 34,130.39
Total---	Rs.1,32,09,142.76

Thus the total State Assistance (Rs.1,32,09,142.76) indicates 51% of the total receipts.

B. INCOME FROM RATES AND TAXES :

(i) current realisation Rs.71,32,391.45 .. (27% of the total receipts)
(ii) arrear realisation Rs.27,63,662.78 .. (11% of the total receipts)

The total realisation from rates and taxes come to Rupees 99,16,054.23 which is 38% of the total receipts showing a increase of 13% over to that of the preceding year. The receipt from rates and taxes during the last year was Rs.70,15,445.61 which was 25% of the total receipt of Rs.2,84,59,351.41.

C. ALLOTMENT FROM ANCHALIK PARISHADS :

Allotment from Anchalik Parishads - Rs. 4,41,454.60
(2% of the total receipts)

D. OTHER SOURCES :

Gifts, pounds, receipts from the Nayaya Panchayats etc. - Rs.22,80,591.14
(9% of the total receipts)

contd....

EXPENDITURE OF ANCHAL PANCHAYATS :

The total expenditure of Anchal Panchayats was Rupees 2,48,36,158.34 which can be broken into the following component heads :

A. EXPENDITURE AS AGAINST THE GRANTS AND CONTRIBUTION RECEIVED FROM THE PANCHAYAT DEPARTMENT :

- (i) pay and allowances of A.P.Secys - Rs. 41,04,309.18
- (ii) salaries of chowkidars and dafadars Rs.54,47,198.81
- (iii) allotment to G.P. for Dev. works- Rs. 32,78,480.34
- (iv) other purposes (for office establishment and for Nyaya Panchayat) Rs. 24,196.61

TOTAL :: Rs. 1,28,54,184.94

So, the expenditure against Grants and Contribution made by the Panchayat Department indicates 52% of the total cost incurred during the year under review.

The sum (Rs.32,78,480.34) shown above in column A(iii), was allotted by the Anchal Panchayats to the Gram Panchayats against the column 3(A)(iii) for various development works. This is nearly 13% of the total expenditure. Another sum of Rs. 21,70,325.65 was allotted by Anchal Panchayat to Gram Panchayats from their own fund for dev. works. This amount has been included in miscellaneous expenditure. This is 9% of the total expenditure.

B. EXPENDITURE FOR DEVELOPMENT WORK DIRECTLY EXECUTED BY THE ANCHAL PANCHAYATS --- Rs.5,17,602.75 (2% of the total expenditure)

Thus the total investment for development works indicates 24% of the total cost incurred for the year 1967-68.

C. OTHER EXPENDITURE (Including salaries of Secys, chowkidars & dafadars from their own fund)-Rs.11452198.80 (46% of the total expenditure)

contd.....

The Appendix I, a comparative Bar-Diagram, exhibits the average expenditure per Anchal for development investments. From this Diagram, the following points may be observed :.

- (i) Continuous increase in development out-lay from 1959 to 1962-63;
- (ii) marked shortfall in development out-lay from 1963-64 to 1965-66 except the year'64-65 which is collinear with the year 1962-63. This shortfall is primarily ~~with~~ due to economic distress in the country.
- (iii) Considerable increase in development out-lay during the year 1966-67;
- (iv) again a marked shortfall in development out-lay during the year 1967-68, although the Collection from rates and taxes is praise worthy. This shortfall is, perhaps, due to the fact that most of the departments of the Govt. withdrew their schemes for execution of the same by agencies other than Panchayats

5. INCOME OF GRAM PANCHAYATS :

For the year 1967-68, the Gram Panchayats showed a total income of Rs.84,91,649.40. The net income (excluding opening balance of Rs.21,88,415.99 of which Rs.557554.57 was for schemes and Rs. 16,30,591.42 was Untied)was Rs.63,03,503.41 which was derived from :

A. FROM ANCHAL PANCHAYATS FOR VARIOUS DEVELOPMENT WORKS :

(i) from Panchayat Deptt. (through Anchal) -	Rs.32,78,480.34
(ii) from Anchal Panchayat fund	- Rs.21,70,325.65
Total	<u>- Rs.54,48,805.99</u>

This is 86% of the net Income.

B. From Zilla/Anchalik Parishads/Govt. Department for the execution of specific development schemes Rs.2,57,419.85 indicating 4% of the Net Income.

C. Receipts from Gifts, endowment or any local authority was Rs.5,97,277.57 which is 10% of the Net Income.

contd....

6. EXPENDITURE OF GRAM PANCHAYATS :

In the year under review the total expenditure of the Gram Panchayats was Rs.60,29,994.68. Of the total expenditure a sum of Rs.54,81,917.15 was spent for execution of development works from their own funds. This amount indicates 91% of the total expenditure. Another sum of Rs.5,48,077.53 which have been utilised by the Gram Panchayats for the execution of schemes sanctioned by the Govt. Deptts. This amount indicates 9% of the total expenditure.

The Appendix II, represents a comparative Bar-Diagram showing the average expenditure per gram panchayat for development works. The following deductions may be made from the diagram :-

- (i) the average development outlay gradually increased from 1959-60 to 1963-64 and reached the peak-point during the year 1963-64;
- (ii) during the years 1964-65 to 1966-67 the trend of development out-lay gradually decreased, perhaps, due to the economic distress in country;
- (iii) again for the year 1967-68 the development out-lay slightly increased.

7. TRENDS OF ASSESSMENT :

The total current Assessment under Sec. 57 of the West Bengal Panchayat Act, 1957, came up to Rs.1,30,57,034.37 and the Arrear demand was Rs.67,64,136.87. So, the total demand (viz. Current + Arrear) gave a rise to Rs. 1,98,21,171.24. Of the total current assessment, Rs.1,03,55,668.29 was assessed (current) on Land and Buildings which indicate 79% of the total current assessment. The current assessment u/s 57(1)(b) [viz. profession, trades and callings] was Rs.16,02,079.37 indicating 12% of the total current assessment. Under Section 57(2) [viz. vehicle registration fees, sanitation fees, water rates,

contd....

conservancy rates and fees from Nyaya Panchayats⁷ the Current Assessment was Rs.10,99,286.71 which is 9% of the total current demand.

The Current Collections u/s 57(1)(a), 57(1)(b) and 57(2) were Rs.59,92,973.98, Rs. 6,58,223.16 and Rs.4,81,194.31 respectively. The Arrear Collections were Rs.24,01,082.98, Rs.2,51,779.00 and Rs.1,30,800.80 respectively.

Thus the total current collections was Rs.71,32,391.45 which is 55% of the total current assessment. The total arrear collection was Rs.27,83,662.78 and the total collection(Current : Arrear) was Rs.99,16,054.23 indicating 50% of the total demand.

L The Statement IV shows the districtwise assessment and collection for the year 1967-68⁷

The numbers of tax payers was 59,55,545 and that of vehicle registered was 4,28,304. The amount assessed per assessee was Rs.2.60/- during the year under review.

The per capita current collection (on population covered by Panchayats) is 0.27 paise. This was 0.24 paise during the year 1966-67 which indicates an increase of 12½% during the year under review. The per capita collection, as per current plus arrear, is ' .38 paise only.

8. ANALYSIS OF THE SIGNIFICANT TRENDS IN ASSESSMENT & COLLECTION :

(i) From the comparative Bar-Diagram (Appendix III) it appears that the quantum of assessment (Current) tends to increase up to 1961-62. The year 1962-63 and 1963-64 show the shortfal. During the years 1964-65, 1965-66 and 1966-67, there had been rhythmic increase in assessment. Again, in the year 1967-68 indicates shortfal in assessment per Anchal.

Contd.....

(ii) Appendix IV reveals the amounts of current collection per Anchal. From 1960 to 1963-64, the average collection appears to be erratic, showing gradual decrease till 1961-62, increase in 1962-63 and again decrease in 1963-64. During the years 1964-65 and 1965-66, the condition improved markedly. Again during the year 1966-67, it is seen a remarkable downfall. In the year 1967-68, the amount is increased by an considerable amount. The Bar-diagrams III and IV, show that during the year 1966-67, the assessment per Anchal is seen increased but the collection per Anchal is remarkably decreased. Again during the year 1967-68 the assessment per Anchal is decreased showing a slight increase in collection per Anchal. This erratic tendency in assessment and collection is primarily due to the unsteadiness in the part of the village Panchayats in the work of assessment and collection. The people were gradually interest in the Panchayats inasmuch as the overdue elections were not arranged by the Govt.

(iii) Appendix-V, shows that although the average assessment per Anchal tends to decrease till 1963-64, the per capita assessment on actual assessee increased steadily from Rs.1.90 to Rs.2.80 - Rs. 1.90 in 1960-61, Rs.2.10 in 1961-62, Rs.2.10 in 1962-63, Rs.2.40 in 1963-64, Rs.2.30 in 1964-65, Rs.2.70 in 1965-66 and Rs.2.80 in 1966-67. This is, perhaps, due to the fact the poorer section of the population were gradually left out the lists of assessees. But during the year 1967-68 the assessment (current) was decreased showing a decrease of per capita assessment to Rs. 2.60. The political situation of the State in the years probably, accounts for it.

9. NYAYA PANCHAYATS

Panchayats
Till the year 1967-68, 52 Nyaya/had so far been formed, 41 in Burdwan Division and 11 in Jalpaiguri Division. The report under review is based on the returns of 43 Nyaya Panchayats only. 3 Nyaya Panchayats defaulted to send any information.

The achievements (State Level) of the Nyaya Panchayats during the year 1967-68 are shown below in a tabular form.

Criminal cases disposed of						Civil Suits disposed of		
Cases brought forward	Cases of the current year	No. of persons involved	No. of cases	No. of persons involved.	No. of convictions	Cases brought forward	No. of cases	Average value of suits.
55	51	156	279	136	466	30	270.00	
Civil suits disposed of			No. of cases in which Nyaya Panchayats order was set aside					
Cases of the current year								
No. of cases	Average value of suits.		No. of Criminal cases.		No. of Civil Suits		Total	

It may be mentioned in this connection, although there is a provision in laws that each Anchal Panchayat will be provided with a Nyaya Panchayats. But only 52 Nyaya Panchayats have been formed by the year 1964. Government thought that further establishment of New Nyaya Panchayats should be stopped until the defects in the rules are removed. But new Rules were never framed, and for that reason no new Nyaya Panchayat, established.

10. MEETINGS :

During the year 1967-68, the average number of meeting of Anchal Panchayat was 9 and that of Gram Panchayats was 5.

The Sections 22 and 22 read with 28 of the West Bengal Panchayat Act provide that every Gram and Anchal Panchayat should meet at least once in a month. But the report appears to be disappointing as the number of meetings could not meet the statutory minimum.

From the Comparative Bar-Diagram shown in Appendix VI, it appears that the average number of meeting of the Gram Panchayats gradually increased upto 1962-63. Then it began to decrease upto the year 1967-68. The figure for the year 1962-63 was maximum (viz. 9) but not statutory minimum. From the Diagram it appears that the points for the years 1960-61, 1961-62, 1964-65 and 1965-66 are co-axial and the points for the year 1959-60 and 1967-68 are collinear.
